Customer Quote

"These units are workhorses and very user friendly." - Radon Diagnostic Laboratory Owner

Did you Know?

DURRIDGE moved office space in February 2019 to 900 Technology Park Drive, Billerica, MA 01821

DURRIDGE Tip

DURRIDGE's free-of-charge CAPTURE software for Macintosh and Windows provides the ability to download radon and thoron data files from the RAD7 and issue commands to the instrument for performing various common tasks. A chart recorder renders sophisticated real-time graphs of radon and thoron data from single or multiple RAD7s. CAPTURE's extensive graphing features include advanced data navigation, multiple statistics panels, and enhanced selection abilities. Data may be exported to a variety of human-readable formats.
